**Release Info:**

With „Metal X“ DRAGONSFIRE from the area of Frankfurt present you their 6<sup>th</sup> release. The EP with six songs contains the essence of all the things DRAGONSFIRE incorporates for ten years now: Pure Heavy Metal! Fast, melodic and concentrated. The titel „Metal X“ stands for ten years of DRAGONSFIRE and ten years of Heavy Metal lifestyle. Because right to the 10<sup>th</sup> anniversary this record is released.

„Metal X“ has been recorded at the Empire Studios of Rolf Munkes, who took over the job as engineer and producer of DRAGONSFIRE for the 4<sup>th</sup> time.

The four Hessians want to bring Heavy Metal where it belongs: To concerts and festivals, clubs and parties.

DRAGONSFIRE have proven their reputation as an excellent live band on more than 150 concerts in many contries over europe. And now DRAGONSFIRE want to attack again and spread their music and to firmly establish themselves in the world of Heavy Metal.

## **Song by song explained:**

### **Young & Wild**

Young and Wild is an autobiographic text by Jan. It deals with the heavy metal scene in the south of Hesse by the time of 1991 to 1998. The lyrics describe the changes and feelings of a special way of life.

### **Welcome To The Afterlife**

The song catches the atmosphere of the EP-Cover. It is rather dark and mystic and describes the process of reaching one's life after death. After all this might not be as expected.

### **Heretic**

A short and rough judgment about organized religion and what it has done to the world. This is a tough and angry song.

### **Steel Eel**

Steel Eel is about a perverted Eel. Yes, it really is. This song was previously released in a shorter version on the Speed Demon EP. Now it is in full length. Again there are some guest musicians on it. „Preacher“ from the band „Steelpreacher“ is doing some vocals and Rolf Munkes is playing a short guitar solo.

### **Man On A Mission**

The lyrics are inspired by the story of a German soldier and his experiences in Afghanistan. For the first time he is facing the enemy, finding himself under heavy fire. A hopeless situation?

### **Hell**

It's a good life  
Es lebt sich gut als Fürst der Unterwelt. Der Posten wurde soeben neu vergeben. Da gibt es dann viel zu tun. ;)
